Cheryl –

Thanks again for your willingness to meet with us in Helena and discuss potential paths for moving forward. As indicated during the July 8 meeting, the ball was in DEQ's court to present a proposal for addressing the releases at CFAC through the State's Comprehensive Environmental Cleanup and Responsibility Act. Attached is an cover letter that explains our approach and a draft Administrative Order on Consent. A hardcopy will follow in the mail.

As a heads-up, I received a call from Rick Hanners from the Hungry Horse news just this afternoon requesting a status update and to check on a few things he has heard from the Columbia Falls City Manager. I will be returning his call and will attempt to address any questions he may have.

We look forward to the continued dialogue and let me know if you have any questions or comments.

Sincerely –

Jenny Chambers
